

Company Profile

The XML Company

Ever more information needs to be created, administered, and made available. In order to maximize availability, we offer our customers integrated data access in real time. This supports businesses and organizations in achieving their fundamental goals: faster overall processes, comprehensive networking, higher added value, increased competitive strength.

XML (eXtensible Markup Language) is the key technology for the exchange of data and documents. At the same time, it simplifies the integration of new technologies and applications in existing IT architectures.

Our products and solutions enable the integration of innovative applications and systems while simultaneously modernizing the IT environment. We are one of the top companies in our market world-wide, and the market leader in Europe.

The Software AG company culture is differentiated by absolute customer orientation. We work in best-practice networks, driving change in an open and transparent way. We focus on profitable growth and a distinctive market profile.
